

*Guiding trauma survivors out of self sabotage and into the life
and love they've always wanted*

Somatic Trauma and Attachment Therapist and Transformational
Master Embodiment Coach Laleña Fischer presents...

RE RIGHT Your Story

A 6-month
transformational
immersion to rewire
your nervous
system, embody
your secure power,
and reclaim your
destiny.

Courageous Soul,

Are you struggling to break through with talk therapy alone?
Do you feel the impact of chronic stress and trauma in your life has become glaringly apparent, and your body is stuck in a perpetual state of fight, flight, freeze or fawn?

Are you drowning under the weight of feeling responsible to certain people and places that require you to be a version of yourself, you are physically SICK of operating from?

Do you find yourself constantly wishing that you could overcome self sabotage, and love yourself enough to release what isn't working for you, and unapologetically claim the life you've always wanted?

It's time to leave the old stories of survival and low self worth in the past, Cycle Breaker! It's time to reclaim your life, transform your pain into secure power, and live unencumbered by the burdens of the past.

*I'm here to tell you
that it's possible... I've
lived it.*

As a survivor myself, I know from my past what it's like to be stuck in a cycle of self sabotage and not know how to break free. Through my own personal discovery I've harnessed the power of somatic trauma and attachment therapy, internal family systems, and transformational coaching to heal what at times, I never thought possible.

These profound modalities have not only allowed me to find my way back home to a secure sense of self, but have supported me in guiding hundreds of others on the path of embodiment and trauma recovery.

You see, your body carries within it an ancient map, designed for you, and only you. In our work together I will support you in learning its language, deciphering its whispers, and following through on the changes necessary, to honor its wisdom.

Together we will navigate the labyrinth of your inner world, shedding light on the path of your emerging resilience and the rights your heart and soul are aching to reclaim.

Your nervous system knows the way.

I'm here to help you listen and learn the language.

Imagine.....

Feeling at **home, secure, and embodied** in your most authentic expression, with self-love and self-trust as your permanent companions. Become your own **primary source** of love, safety, and belonging, and unbridle yourself from the need to rely on other people to validate your reality or “approve” of your truth.

Recognizing your needs, wants, and boundaries and **unapologetically claim** the life and relationships you’ve always wanted. Embody your essence, awaken your aliveness, and unlock the **quality in which you relate** to yourself, others, and the world at large.

Unearthing the True North of where your soul is calling you. **Break free from the shackles of mediocrity** and say goodbye to the belief systems that are no longer serving you.

Reclaim the dream’s of the youngest and oldest versions of yourSELF, and **become the living embodiment** of what you

VALUE.

Knowing intimately with **unwavering compassion**, your **core wound**, and **core protection**. Have the tools and experience in hand, to transform your nervous system and **RE-RIGHT the stories of your subconscious mind**, for the rest of your life. Freeing you from self sabotage with a **felt sense**.

Transmute the **ancestral burdens** that have conditioned your family system, generation after generation. **Embody your ancestral gifts** and heal past, present, and future through your bones. **Re-Right The Story of Your Blood Line** for your children, grandchildren, and future generations. **As within, so without.**

Receiving highly **specialized 1:1 customized support** tailored to your unique needs and have everything in place to help your body feel safe enough, to **rise out of self sabotage** and into **sovereignty**. Together, we will pave the way for new neural pathways to form throughout your brain, body, and attachment system. Empowering you to **be different** without having to “think” to be different.

This is not a transformation that takes place overnight.

“I was referred to Lalena for Somatic Therapy after learning of my husband's unfaithfulness. This betrayal was assaulting and revealed deep rooted pain and fear within me. The hurt was complex, multi faceted, and affected every aspect of my life.

***Lalena has guided me** through the darkest days of my life with the **kindness of a true friend**. It is no understatement to say that she saved my life. Through the intensive Lalena has taught me how to care for myself with compassion and grace.
